**Thermique Towel Warmers** add a touch of joy and beauty to the home, spa, or hotel suite.

## luxury

Experience the warm embrace of a heated towel every morning or pamper yourself at the end of a long day. The world will melt away in a moment of blissful relaxation. With simple touch-button operation and an automatic shut-off timer, Thermique Towel Warmers make it easy to enjoy the good life.

## beauty

Traditional towel warmers are designed with metal bars that heat up like an old-fashioned radiator. Only Thermique allows you to drape towels and linens over a beautiful pane of heated glass. Wall-mounted frames are available in 37-inch and 24-inch models with six metallic finishes to match any bathroom décor.

## award-winning

The Thermique Towel Warmer was voted "Best New Bath Product" at the Kitchen & Bath Industry Show in 2005, earned a GOOD DESIGN™ Award from the Chicago Athenaeum, and won the 2006 KB Award for "Best Bath Product" from *Woman's Day Home Remodeling & Makeovers* magazine.
